HANZLA NOU **MAN**

Hey there! Meet Hanzla, the cool brain behind "App Dev Unleashed: A Developer's Journey." Imagine turning everyday ideas into super cool digital stuff—that's [Your Name]'s specialty! Think of every tap and click as a secret code to create not just apps but digital magic. In this adventure, we're peeling back the curtain on how [Your Name] makes apps awesome—full of fun, challenges beaten, and a love for turning code into something special. Whether you're a pro or just curious, buckle up! We're about to jump into [Your Name]'s world, where being a coder is super cool. Ready? Let's roll!

SKILLS

Key Proficiencies

HTML/CSS

JAVA

JAVASCRIPT

Python

Typescript

RUST

AREAS OF EXPERTISE:

**Mobile
Application
Development**

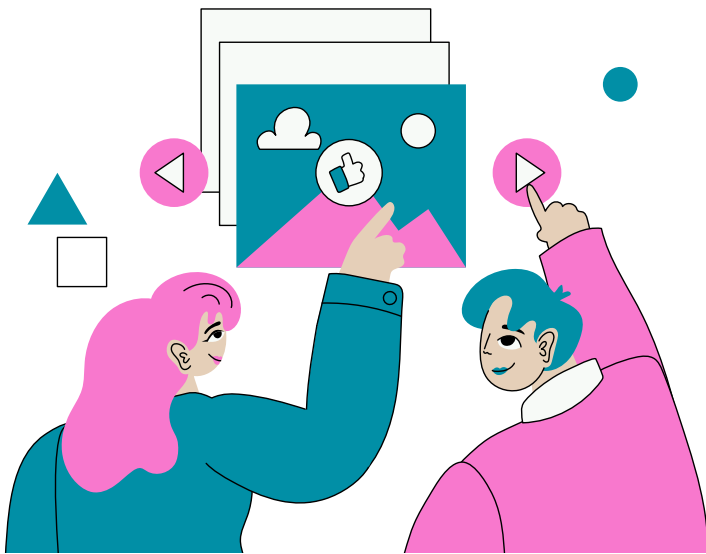

**MERN STACK
Development**

**Java and
Desktop App
with FX**

**Databases
(SQL and
noSQL)**

**Microsoft Azure
and Google
Cloud**

PROJECT HIGHLIGHTS

01

CHILDREN'S E-COMMERCE STORE
CHILDREN'S E-COMMERCE STORE

02

Final Year Project Management System

03

Hostel Management System

01

CHILDREN'S E-COMMERCE STORE

Developed an end-to-end e-commerce platform using the MERN stack and Google Cloud. The platform, designed for a kids' wear and accessories business, was equipped with an intuitive shopping module for customers and an extensive admin panel for the business owner to manage various aspects of their online store.

02

FINAL YEAR PROJECT MANAGEMENT SYSTEM

The Final Year Project Management System focuses on improving interactions between students and supervisors, providing a centralized hub for project documentation, and enabling efficient tracking of project milestones. This platform is poised to enhance academic workflows, foster better collaboration, and reduce project delays, thereby elevating the final year project experience.

Front-end: React, JavaScript, Tailwind CSS.

Back-end: Node.js, ExpressJS, Database, MySQL.

03

HOSTEL MANAGEMENT SYSTEM

Developed an end-to-end e-commerce platform using the MERN stack and Google Cloud. The platform, designed for a kids' wear and accessories business, was equipped with an intuitive shopping module for customers and an extensive admin panel for the business owner to manage various aspects of their online store.

QUESTIONS

Will you provide ongoing support after the app is delivered?

Ongoing support post-delivery is part of my service, ensuring any updates or issues are promptly addressed.

Do I have to buy Google Play Store & Apple App Store Account?

You'll need to buy your own Google Play Store and Apple App Store accounts, but I can assist you with the setup and submission process.

Do you provide cross platform compatibility?

I develop apps with cross-platform compatibility, so they work smoothly on both iOS and Android devices.

END NOTES

Your app dreams are ready to sparkle!

Excited to make it happen? Let's talk! Shoot me an email at hanzlanouman@gmsil.com. I'm here to turn your ideas into awesome apps. Can't wait to chat and create something amazing together!
